SHEBAH: REVOLUTIONISING HOW WOMEN CONNECT WITH TRANSPORT

We are delighted to have George McEncroe, Founder and CEO of Shebah joining us. Shebah is the only female Rideshare in Australia and is helping to get women back to work... even when they have to bring their kids along.

In today's connected world, managing customers and creating new, positive experiences is a challenge. Learn about leveraging value from elements of the Uber business model and redefining how people connect with both personal and freight transport.
